

*Building Relationships
One Community at a Time*

"We have received many favorable comments on the change. Your knowledge of product and excellent understanding of our needs and budgetary limits meshed together for an attractive finished plan. From our initial start to the final completed installation, you were on top of the project keeping us informed along the way".

Robert D. Kralowetz
President, Balintore HOA

Mailbox Moves

Balintore Community, Palm Harbor, FL.

Balintore is a community located near Lake Tarpon in Pinellas County Florida and is surrounded by the private Lansbrook Golf Club. Balintore is self-managed by their home owners association, which consists of a Board of Directors whom are delegated to committee assignments. Their slogan is to be "A Community Where Neighbors Become Friends." The community consists of four private streets with one entry and exit way.

Balintore has a commitment to its community to keep it well maintained for both appearance and functionality. After recently paving the roads, the community was interested in new mailboxes. The 68 homes previously had outdated stucco mailboxes that desperately needed an upgrade. The HOA contacted Creative Mailbox & Sign Designs and tasked our team to create a new vision that would be modern and tasteful to enhance the look of the community, while maintaining a clean and uniform look.

We installed new cast aluminum mailboxes that incorporated their community logo which tied in with existing entryway signage. The biggest challenge encountered was the removal of the current stucco mailboxes, which had concrete pads. As usual, our team of professional installers pulled off the project without a hitch.

The community is very happy with the result of the project and are currently partnering with us for other projects within their associated communities.

Account Manager: Mary Magaraci
